doesn't start..... It is basically an achievement free game.

No gameplay here.

2/10. \udb40\udc21. This is without doubt an idle game. There have been a little to no focus on gameplay and hitboxes. Cannot recommend to people that is looking for a game to play.

This game can only be recommended to people that want easy achievements.. cant beat first level. other than that some work went into the game is cool. i would suggest making the hitboxes for the saws a little bit smaller. other than that i like it. 6/10. kinda\u2665\u2665\u2665\u2665\u2665tbh the hit boxxes are garbage and the achievement thing gets kinda boring and repetitive after like 20min didnt go past level 1 cuz its so bad all tho for 40 cents i would make a better game on god damn scratch

what the ♥♥♥♥ is this?. Literally the same as the prequel, just another 25 levels. And since they didn't fix the hypersensitive killer wheels, I still shall not recommend this game.

It could be so much better with so little work. (Not a programmer myself, but it seems like something that isn't to hard to fix). Ez unlock 5000 Achievements 100%. Achievements. You get what you paid for, 5K achievements at minimum price. If you're an achievement hunter looking to increase the number of achievements on your profile showcase, then I highly recommend buying this. Else don't waste your money. This is not a game, it's just a way of distributing achievements.. This isnt a real game, the hitboxes on the obsticals are horrible and you can't even get past the first level. All it is is an achivement farming game. I dont recommend it unless you are an achievement farmer.. Why am I playing this..... This one has the same concept and dynamics as the previous version. Move a ball to a specific platform and hit next.

The need of hitting the next button (using the mouse) is quite annoying - this could be improved making "space" or any other key be the trigger. However, I have pretty much the same review:

- Wrong hitboxes
- Bad controls
- Not difficult
- Annoying dynamics. Garbage game used to farm achievements. Sign me up.
